1. Is the course what you expected it to be? How were your expectations formed? (That is, we they formed through the syllabus, the catalog, word-of-mouth descriptions, etc.?)
2. What material that we have covered so far have you found the most valuable? Why?
3. What material that we have covered so far have you found the least valuable? Why?
4. How do you feel about coming to class?
5. Are you satisfied by the graded assignments thus far?
6. Are you feeling lost in the course or on track?
7. What could I be doing to improve the course?
